

How to Book a Perfect Stay

Here at MarBrisa we have 32 different unit types located in 17 different villas in two different neighborhoods spread across 56 acres. This allows for versatility, but it can also sometimes make it confusing to book the unit you want. We have created two charts to help you decide what unit type will best fit your room layout and location preferences. Follow the steps below to pick the perfect unit:

1. Determine how many points you have available.
2. Choose your preferred neighborhood, the Cove or the Pointe, and use the corresponding chart. Note that unit types are neighborhood specific. If you book a room in the Cove we will not be able to assign you in the Pointe when you arrive, and vice versa.
3. Select a unit size and configuration based on the number of people who will be vacationing.
4. If you're partial to specific villas, make sure that the villa number is listed as an option for the unit type you've chosen.
5. Based on your preferred travel dates refer to the season and days of week columns to calculate the number of points required.

Please note that once you have made your reservation your resort staff are unable to change your unit type. You will need to contact club at 800-932-4482 to make any changes or modifications to your reservation. We can, however, help with specific location requests. For example:

- You book an STP in the Pointe neighborhood. Your actual unit might be assigned in Villa 50 by the golf course, in Villa 54 by the Sunset Pool, or in Villa 80 on the upper plateau.
- You book a 2LB in the Cove neighborhood. Your actual unit might be assigned in Villa 58 near the Legoland entrance, Villas 60 or 61 looking west toward the coast, or Villas 65, 66, 68, 69 or 70 on the pool deck inner circle.

While all of our units are lovely, if you have a preference, please reach out to us in advance at myrequest@gpresorts.com. We will accommodate your request based on availability. If you are traveling with family and/or friends and have multiple reservations, please ensure the unit types you book exist in the same villa and/or neighborhood if you'd like to be assigned units near each other.

We will always do our best regarding location and floor preferences, however, we cannot guarantee all requests. Our best advice is a) choose your unit type(s) carefully, b) book as early as you can, and c) notify us of your preferences as soon as possible, as we pre-assign based on first-come first-served.

We hope this information makes planning your next vacation easier. If you have any questions, our front desk is always just a phone call (760-828-4520) or text (760-904-3200) away!
